EDUCATION

West Virginia University *(August 2014 - Present)*
Pursuing B.S. in Computer Science & B.S. in Computer Engineering
Overall GPA: 3.617, Major GPA: 3.593

RELEVANT EXPERIENCE

– **Undergraduate Research Assistant** *(May 2015 - July 2015)*
West Virginia University Vision Lab

Researched machine learning and used deep learning frameworks including VLFeat and Caffee to create and train classification models as a member of WVU's Computer Vision Lab. Contributed a highly competitive model for food recognition tested on the prevalent Food-101 dataset.

– **Research Assistant Intern** *(June 2012 - August 2012)*
West Virginia University Ultrafast Nanophotonics Group

Paid summer research internship with WVU's Ultrafast Nanophotonics Group. Probed samples to determine their optical and electrical properties in a laser lab and analyzed data using MATLAB scripts.
